DYNAMIC

AVAILABLE 1/1

With a one-piece durable upper and the MorphoDynamic™ technology midsole/outsole system, this shoes gives you amazing fit and agility on technical terrain

TPU heel stabilizer extends through the middle of the sole to provide torsional rigidity

Single one-piece microfiber upper adapts to various foot shapes and sizes

Slip lasted upper is built on an ergonomic last to improve fit and eliminate dead spots which are the culprits of blisters

Soft PU deforms to the shape of the running surface absorbing shock and trail features, while increasing surface area contact, improving grip

Ergonomic 3D EVA support structure provides a stable platform for a smooth ride

FEATURES

- ➔ A slip lasted upper built on an ergonomic last provides a svelte, form fitting, glove-like fit that is super responsive
- ➔ Microfiber upper protects the foot and conforms to any foot shape for a comfortable fit
- ➔ PU and EVA midsole work in tandem to absorb the trail features and provide the plushiest ride on the market
- ➔ Soft PU deforms upon impact to dissipate impact forces before they are further absorbed in the EVA layer
